CAI Announces Discontinuation of Analog Based Analyzers

CAI is discontinuing manufacture of its analog based analyzers effective November 1, 2012.

This includes the following models:

100P/100F

110P

100/200/300 NDIR

300 FID/HFID/MHFID

400 CLD/HCLD

CAI will continue to provide Technical Support and Service for these analyzers which will be limited only by availability of parts and components.
